

# BRIDGE FOR DESIGN

## design news | bathrooms

THE Water Drop shower tray from **Flaminia** reflects in its texture the pattern made by a falling drop of water. The irregular concentric circles provide a three dimensional focus in this shower tray.

THIS ILLUMINATED basin from **Irina Townsend and Keir Townsend** creates drama in a small bathroom. Made from recycled glass and lit from beneath with LEDs to create a stunning effect. T: +44 (0)207 746 2442 | [www.keirtownsend.com](http://www.keirtownsend.com)

HEADQUARTERED IN France and with a brand new showroom opening in London on June 18th, THG have over sixty years experience in the industry. Their beautiful range of premium taps and bathroom fittings have graced the most exclusive bathrooms and their countless collaborations with prestigious luxury brands and talented designers have now become an integral part of the French Art de Vivre.
