## COSY CHIC

Chrome and mirror may be classic choices for bathrooms, but a subtle bronze or copper can be just as dazzling and will warm up winter evenings. Use as a breathtaking backdrop for a crisp white bathtub.

**GET THE LOOK** Keir Townsend can make similar metallic toughened-glass bespoke panels, from approx £780 per sq m. For a similar bath, try the freestanding Coniston in Matt White, £3,723.60, CP Hart.
