## Schemer Seven - sideboard

Elegant storage solutions are a bonus for any room and sideboards are a classic piece of furniture for dining rooms or open-plan living. We found seven that would work in a variety of schemes.

### **BD Barcelona**

Shanty is a new design by Doshi Levien, for [BD Barcelona](#). The lacquered MDF patchwork style panels have a corrugated iron look inspired by improvised dwellings from across the world, from Brazil to Africa.

### **Pinch**

The simple but charming Joyce is the latest product from UK maker [Pinch](#). Available in Pinch's standard colours or it can be colour matched to a paint reference and can be lined with a walnut, cherry or oak interior.

### **Keir Townsend**

The Stars range of metal clad furniture created by Italian manufacturer Laurameroni for [Keir Townsend](#) includes the Stars sideboard, featuring strips of natural and burnished brass and natural and burnished copper, which are patinated to varying degrees.

### **Rue Monsieur Paris**

High-end French furniture brand [Rue Monsieur Paris](#), stocked in the UK by [The Longest Stay](#), specialises in marble marquetry, seen here on the Midnight Gallery sideboard. Height-adjustable chrome legs allow it to double up as a console.

### **Invisible City**

Taking its graphic panel dimensions from the international standard sizes for paper (A4, A2 etc) Incunabular by [Invisible City](#) has a pleasing aspect ratio and now a new grey colourway. It is made of sustainable solid black walnut or oak.
